*A Note from John:*

**How many years have you been in landscaping business, and what inspired you to get into it?**

John's Lawn Care has been in business for 5 + years. I have an innate passion to create! I am inspired by each clients vision and I build upon that to ensure they receive the best experience and their home front landscape receives the best manicure and maintenance!

**What do you like most about this industry?**

I love my clients! I have met so many wonderful people through my business and the rapport and relationships that have come out of my work, I can honestly say is the best part of my job!

**Why does your work stand from other lawn services?**

Attention to detail, neat, clean, noticeable difference (I don't have to mow the words "John was here" into your lawn for you to know I was there). It is SO important to me that my customers are 100% satisfied! Not to mention, I am a one man operation- you will deal with me from start of project to finish! Anything you need, any questions you have- you are working directly with the face of the business!

# TESTIMONIALS

I initially contacted JLC&Landscaping to lay sod. This has since turned into a French drain placement that solved 12 years of flooding issues for 6 houses and an entire back garden/front landscaping job. My back garden has become a tranquil oasis with an extended patio, unique firepit and rock design. I cannot speak highly enough of John and his team. He came to me highly recommend and I have and will continue to recommend his company for anyone's outside needs. Those I have recommended him to have been equally thrilled with his work. He is creative, reliable and just an overall honest person to deal with—not something you find everyday!

**Would recommend**

Yes

BELINDA ATKINS

Extremely satisfied with the deck work John and his team did for us! If we need any more work done in the future I will go with JLC+Landscaping.

**Would recommend**

Yes

HOLLY TOSTO

My front and back lawns are a night and day difference. Thanks to John and Terry for taking such good care of my lawn. I will be using their services on a regular cadence. Not only is their service phenomenal and professional, but these are down to earth guys that you can very easily reach.

Great job - I wasn't home and had no idea how it was done with my two dogs. They're pretty loud little things. Very impressed with the yard and have already scheduled through October.

John consistently has done a great job on our yard. I'll use his services again.
